6. If the game is a forfeit, select what type it is, if it isn't, select noting (leave the box “none”)
7. If the game is not a forfeit, fill in the info for each player. Check the “present” box if they are listed on the sheet as present for the game. Enter how many goals each player got in the game, and also red/yellow cards. Like so:

Please fill out the gamesheet for the away team:

Wellington Lions	Name	Goals	Present	Red Cards	Yellow Cards
	Ben Agema	<input type="text" value="0"/>	<input checked="" type="checkbox"/>	<input type="text" value="0"/>	<input type="text" value="0"/>
	Derek Agema	<input type="text" value="2"/>	<input checked="" type="checkbox"/>	<input type="text" value="0"/>	<input type="text" value="0"/>
	Monica Agema	<input type="text" value="0"/>	<input type="checkbox"/>	<input type="text" value="0"/>	<input type="text" value="0"/>

Don't worry, the default is '0' for all boxes so you don't have to fill in rows of 0s. You just need to change the ones that are more than 0.

8. Click “Save gamesheet” at the bottom of the page.
9. Done!
